Book Donation

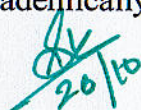

Circular No. 44

Dear Parents,

There is always a joy in reading. And reading is, indeed, an exercise in wisdom. The school is coming up with brilliant ideas to cultivate the habit of reading amongst children by helping them access to the world of books.

Therefore, the school solicits your cooperation. The parents/students who possess old **books/magazines** may **donate** those books to the school. These books can be displayed where the students will have easy access to it and read it. You are, therefore, requested to send the books for donation with you wards preferably before **31.10.18**.

Academically yours',

Swati Khemaria
Principal
