Evening Story Time - 2

Date: 08-2-2019

Dear Parents,

Books are our friends. Books help in the development of language. Reading always helps us organize our thoughts. In today's fast life we have lost touch with the wonderful world of books. Therefore, on this beautiful evening, we would like to invite you with your children for a cup of hot chocolate to experience books being read out to children.

Together let us discover the joy of reading and narrating story to our children. Parents too are invited in this endeavor to make our children inculcate the inclination towards books.
