LANGUAGE SKILLS

Introduction of Letter 'A a'

This week our Jr.KG students learned about the letter 'A a' and its phonic sound. The teacher first explained the formation on the black board and then asked the students to write it down on their slates. The children wrote the alphabet on their slates with the help of their teachers. All the kids enjoyed the activity and also discussed with their teachers things related to the letter 'A'.

CONCEPT

Introduction of Seasons

During this week Jr. KG kids learned a new concept called “Seasons”. First, the teacher showed the children videos related to the seasons. The teachers explained about different seasons like summer, monsoon and winter and about the sun too. She showed a PPT related to the seasons and also discussed the dress, fruits and things to be done in the particular seasons. All the students enjoyed the session.

Toddlers Dictionary

Seasons	Monsoon	Sun
Wind	Weather	Summer
Winter	Thirsty	Spring

SPECIAL DAY

World Earth Day

This week our tiny tots of Jr. KG celebrated 'World Earth Day' with their teachers on 22nd April. On this day the teacher first explained about the Earth and its importance, and then showed a video related to it. The kids also did a colouring activity related to the Earth Day. The kids enjoyed colouring and also promised to save the earth.

MATH

Introduction of “Zero”

This week in number readiness, first the teacher gave a recapitulation of rote counting from **1 to 50**. Then she taught them the concept of **“Zero”** and revised the same concept with backward counting. Children counted the numbers orally and wrote the same in their respective power sheet class book. They wrote numbers zero to two on the floor with the help of Pegboard activity.

CONCEPT

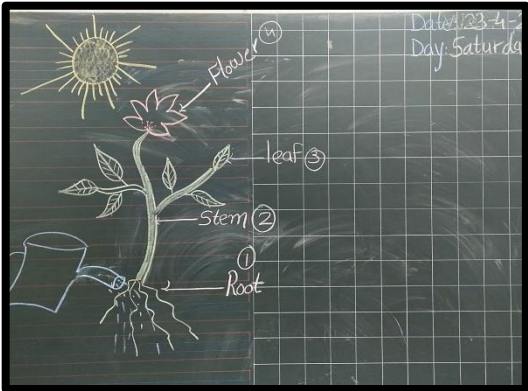

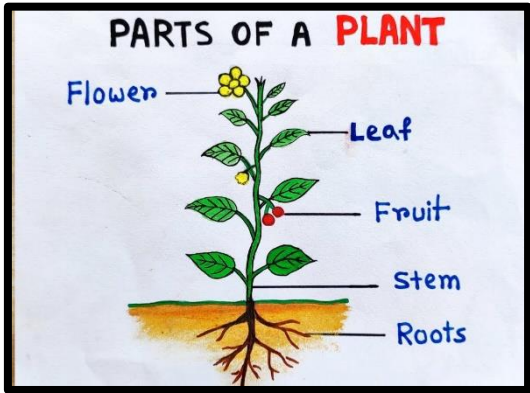

Introduction of Living Kingdom

This week we started our first theme of the month **“Living Kingdom”**. In which the teacher introduced different types of plants. She informed children that plants are divided into different parts and explained them four basic parts of a plant – root, stem, leaf and flower. She explained that plants are living things; they also grow and prepare their own food with the help of air, water and sunlight; and the process of preparing food is called Photosynthesis. The teacher displayed them different PPTs and videos to clear the concept.
