Introduction to 'More' and 'Less'

This week, we introduced the concept of “More and Less” to our tiny tots with the help of Teaching Learning Materials. The teacher kept some objects on both the sides and asked the students to count them and identify which side has more and which side has less objects. All the kids enjoyed the activity.

CONCEPT

Body Parts

In this week Jr.KG kids learned a new concept “Body Parts”. In this concept, first the teacher showed the skeleton to the kids. All kids were amazed to see a skeleton where the teacher showed different body parts. All the children enjoyed the concept time. The teachers also showed dummy models of internal organs to the tiny tots and explained their functions to the children.

Toddlers Dictionary

Internal	External	Organs
Skeleton	Sense	Brain
Heart	Elbow	Eye sight

Rainbow

This week, Jr. KG students enjoyed the colours of the rainbow. The teacher first showed seven colours of the rainbow and explained its order. They also told the students that a rainbow can be seen in monsoon season only. All the kids enjoyed the water colouring with their fingers and completed their rainbow colouring activity.

Session by a Cardiologist

As a part of our topic 'Body Parts', we invited Dr. Mitesh Patel, Cardiologist, Jency Hospital, Mundra to conduct a session with the Jr. KG students. He explained internal body parts and their functions to our tiny tots with the help of dummy models. It was indeed a lively session as all the students interacted well and actively took part in the discussion.

Introduction to reader book “The Mighty Animal Kingdom”

During this week we started our first reader book “**The Mighty Animal Kingdom**”. We gave the introduction of the cover page and story comprehension to our kids. They tried to relate the theme of the month with their reader book.

Toddler's Dictionary

food	herbivorous	carnivorous
omnivorous	plant-eater	meat-eater
more	less	animal

MATH

Introduction to More, Less and Equal (1 to 10)

This week we taught the concept of 'more', 'less' and 'equal to' to our little toddlers. We gave them the introduction through the objects. Symbols of 'more', 'less' and 'equal to' were taught in a play way method to the kids. Each and every child did an activity related to the concept.

CONCEPT

Introduction to the parts of the plant as food

In the continuation of the previous week, this week we explained the students of Sr. KG the parts of the plant that we use as food. We taught them that after the process of photosynthesis the extra food is stored in the different parts of the plant that we use as food. E.g. carrot – the root, potato – the stem, broccoli – the flower, cabbage – leaves, beans – the seed. The teachers also used dummy fruits and vegetables and displayed PPTs related to the topic.
