Introduction of letter 'Nn'

This week, we introduced letter "Nn". To make the concept more interesting, we introduced an activity of "Making Necklace". In this activity we gave them beads of various colours and a thread for making a beautiful necklace by themselves. We also showed them real objects, PPT and a rhyme for making the session more informative.

NUMBER READINESS

Introduction of Number 6

Numbers are fun for children to learn. This time we made them learn counting number 6 by printing different shapes on paper by dabbing sponge method. We asked them to dab a sponge exactly 6 times on the given sheet. Children enjoyed the session.

Bubbly Nursery

CONCEPT

Things I like about me

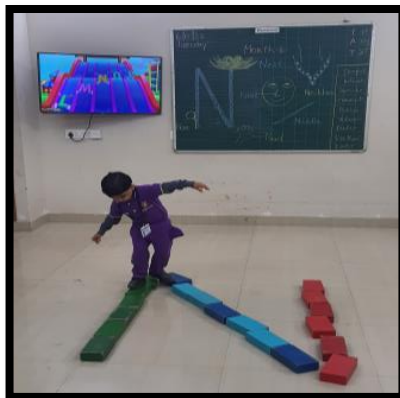

This month, we have the theme “Gotta be Me”, so we asked the children to bring pictures of their favourite fruits, vegetables, the work they like to do the most with friends and family. They were asked to make a collage of all those pictures with the help of teachers. Children loved pasting photos and liked the collage made by them.

PLAY GYM AND MOVING AND GROOVING

Moving on letter “Nn”

Physical activities are best for learning experience. One of the such activities is “Walking on blocks”. In this we kept blocks in pattern of letter “Nn” and made the children walk on it by keeping balance. Children enjoyed the session and learned the shape of the letter.

CONCEPT

Things That Fly

As per the new theme “Things That Fly”, this week we taught about birds names to our toddlers. The children were taught the concept through the ppt and various activities were performed related to birds. Children made a bird using their palms on the paper. All the children enjoyed the activity.

Toddlers Dictionary

Wings	Ostrich	Flamingo
Hummingbird	Hot air balloon	Helicopter
Airplane	Penguin	Rocket

MATHEMATICAL SKILLS

Ordinal Numbers

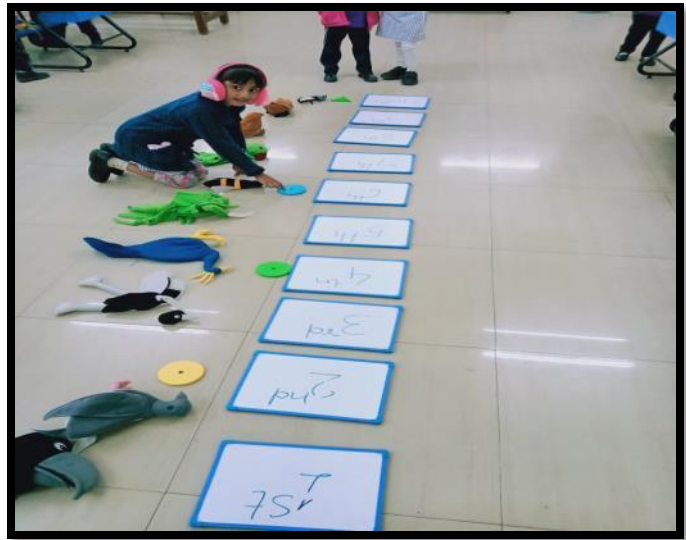

This week, we taught our kids the concept of 'Ordinal Numbers' using shapes and soft toys of birds. We did an activity related to the same. The teacher laid down the toys beside the write and wipe boards with ordinal numbers written on them. The children had to match the correct shapes or birds with their respective positions. All the students participated in the activity.

MATH

Subtraction

This week our children practiced the subtraction on slate. Subtraction is one of the four basic arithmetical operations being used in mathematics for solving problems. Subtraction is the process of taking away a number from another. It is a primary arithmetic operation that is denoted by a subtraction symbol (-) and is the method of calculating the difference between two umbers.

CONCEPT

Africa Continent

This week our children explored Africa continent. Africa is the world's second largest continent. Africa has a wide variety of geographical features and climate. It has rainforests, grasslands, deserts and a few mountain ranges like the Atlas Mountains. Kenya is one of the biggest countries of Africa continent. Kenya is a country in East Africa known for its scenic landscapes and wildlife preserves. More than 40 ethnic groups live there and more than 60 languages are spoken. Music and storytelling are important parts of Kenyan culture. Children enjoyed the journey of Africa.

Boomerang Making

A boomerang is a curved throwing stick. People use boomerangs as toys or as weapons. The aboriginal peoples of Australia have long used boomerangs for animal hunting and warfare. Our little ones made a boomerang and decorated it with aboriginal art.
