

Theme of the month - Collaboration

July - 2023

"Coming together is a beginning, staying together is progress, and working together is success."- Henry Ford

In an effort to foster collaboration skills among students, APS dedicated the entire month of July to the theme of "Collaboration." The aim was to instill the values and essential elements of collaboration in students, preparing them for future endeavors that require teamwork, cooperation, and effective communication.

Throughout the month, various activities were organized to promote team collaboration, community collaboration, and network collaboration, focusing on key elements such as cooperation, assertiveness, autonomy, responsibility, clear communication, shared goals, respect for diversity and inclusivity, trust, mutual support, and active participation. Special material was prepared for reference and collaboration-themed activities were crafted.

Grades - 1 - 3 Collaborative Collage Making

For students in Grades - 1 to 3, the collaborative collage making activity was conducted during their life skill period. Students were divided into small groups. Creating collage was fun for this tiny tots. They enjoyed working in group and making collage using old newspapers.

Grades - 4 to 5 : Collaborative Display

For students in grades 4 to 5, the collaborative display activity took center stage. They were divided into groups and tasked with decorating the class display board with their creative work. Students used various art forms like drawings, paintings, collages, and craftwork to create visually appealing displays. This exercise fostered teamwork, communication skills, and a sense of ownership in the classroom. The students worked cohesively to bring their ideas to life, encouraging them to appreciate and respect each other's contributions.

Grades - 6 to 12: Collaborative Cooking Without Fire

The collaborative fireless cooking activity was organized for students from Grades 6 to 12. In groups, they prepared different recipes such as fruit chat, bhel, sev puri, nachos, chaat and sprout chaat, cakes, puddings and many more delicacies focusing on fireless cooking techniques.

This activity not only enhanced their culinary skills but also emphasized effective teamwork, clear communication, and shared objectives. Students collaborated in planning, preparation, and execution, learning to value the diverse culinary traditions represented within the school community.
