

Mock Drill

December 12, 2023

“A hard drill makes an easy battle.” – Alexander Suvorov

The objective of mock drill is to review the emergency preparedness plan of the organization and evaluate standard operating procedure, so that concerned persons would deliver their duties effectively while keeping in cognizance of life and property.

In continuation with the practice to create awareness among students, a Mock Drill was conducted for the whole school on December 12th, 2023. Ms. Mamta Singh and the Disaster Management Committee coordinated the drill under the guidance of the Principal, Dr. Mayur Patadia. Ms. Mamata Singh addressed the assembly and explained assembly points for every class. She also explained safety points for evacuation.

On 1312/2023 (Mock) drill with 2000 students of Grades Nursery to class XII was done. The entire school, all the students and the staff (both teaching and non- teaching), participated in the drill. The students were escorted by their subject teachers to the school ground after the hooter sound. Students of XI Commerce were also involved as volunteers to help in this drill. Once all had assembled on the Assembly points, they were advised not to panic in case of any disaster. They were instructed to be with teachers at the time of disaster and follow the instructions given to them by their teachers.

Evacuation drills are always helpful in rectifying the shortcomings and improving the plan. The session proved to be informative and an imperative lesson on life-saving skills.
