

World Music Day

21 June, 2024

"Music is the language of languages. It is the ultimate mother of languages."

- A R RAHMAN

Every year 21st June is globally celebrated as World Music Day. It is a day dedicated to appreciating the incredible power and diversity of music in all its forms. Music is the essence of life. It transcends language barriers, uniting people from all works of life. APS Mundra also celebrated the World Music Day. The event started with Master Dhruvansh Mankad sharing the importance of World Music Day. It was then followed by the rhythmic, melodious and soothing performance by the students. They were supported by the rhythm students on tabla, dholak, congo and keyboard. The entire school was mesmerized by the soulful rendition of evergreen songs. These students were trained by their music teacher Mr. Parag Sompura and Mr. Durgesh Mali.
