

School Field Trip – Class V

October 23, 2024

"Join us as we explore the great outdoors, museums, and cultural landmarks, turning every trip into an unforgettable educational experience!"

Educational trips encourage students to observe, ask questions, and think critically about what they see and experience. The unique experiences gained during educational trips create lasting memories, reinforcing the lessons learned and promoting a love for exploration.

APS organized the field trip of class V to Shyamji Krishna Verma, Mandvi on October 23, 2024. All the sections of class V (192 students) and their teachers went to the trip. **The objective of this journey was to foster curiosity and critical thinking, knowing historical background, learning through interactive exhibits that inspire exploration, experimentation and analysis along with reasoning.** It was a splendid experience. Students enjoyed the bus journey and munched titbits with their friends .

- Children visited two galleries, one was the history of Shyamji Krishna Verma and the other was India House where ashes of him and his wife are still preserved in marble containers. They learned about the struggles and sacrifices they made.
- Children carefully observed the sculptures which seemed to be real. They enthusiastically noted the attractions to be remembered in their dairies. It definitely instilled the values of love for the nation and patriotism.
- It was an enriching experience both for students and teachers. They also got an exposure to new environment and a desire to learn more.

Special thanks to Management, (Director, Kutch Schools) Ms. Meeta Jadeja, (Director, APS) Ms. Ami Shah, (Principal – cum – Director, APS) Mr. Hemant Kumar Sharma, and (Vice Principal, APS) Dr. Renu Patidar for arranging such special field trip.
