

School Field Trip – Class III

October 23, 2024

“Field trips are the best way to learn; they make education come alive!”

Field trips turn lessons into adventures. Its like stepping out of the classroom into the world of discoveries. It is an interesting break from a routine and provides memorable hands on experiences.

APS organized the field trip of class III to Bhadreshwar on October 23, 2024. All the sections of class III (200 students) and their teachers went to the trip. Children visited Adani Vidhya Mandir School followed by Jain Temple and Hanumanji’s Temple (Rokadiya Hanuman).

The objective of this journey was to introduce students to different cultures, communities, and historical contexts, broadening their perspectives. The students observed that different schools have different infrastructure and facilities. They focused on design, infrastructure planning and artistic skills of craftsmen when they visited the temples. This definitely inculcated the feelings of respect for various professions.

It was a fantastic experience. Students enjoyed excursion with their pals especially in the bus.

- They visited the school “Adani Vidhya Mandir” and had their snacks which they had carried along. They had fun playing games and dancing.
- "Join us at the temple, where every corner whispers stories of devotion and serenity."

They observed the spectacular art work of Jain temple and then the Hanumanji temple.

Special thanks to Management, (Director, Kutch Schools) Ms. Meeta Jadeja, (Director, APS) Ms. Ami Shah, (Principal – cum – Director, APS) Mr. Hemant Kumar Sharma, (Vice Principal, APS) Dr. Renu Patidar for taking permission and arranging such an exciting trip.
