“Parent Contributions and Experience”

I would like to express my deep gratitude for the exceptional support, love and care provided by teachers to our daughter along with academics. The true meaning of education is to give the child the knowledge of moral values and culture. And Adani Public School has proved it well. Our child is learning skill development, creativity, craft, painting, dancing, sports, exercise with keen interest in a great atmosphere. I would like to sincerely thank the Adani Public School team and Principal sir for their unwavering commitment to holistic education. It's a great pleasure for us that our child is in the right hands.

Parental Perspective

Dr. Hardik Kishore Jobanputra
Father of Aarav Jobanputra
Jr. KG B

“Parent contribution and experience”

It has been a perfect start to the academic journey at Adani Public School.

Aarav has a wonderful time at school and always eager to learn more. He has undergone all round development in these few months. He has become more calm disciplined and caring, thanks to the efforts of all the teachers.

At Adani Public School it's more of caring individually for each child and giving them the best platform for their skills.

My child has learned a lot academically and more importantly he is becoming more mature socially and emotionally.

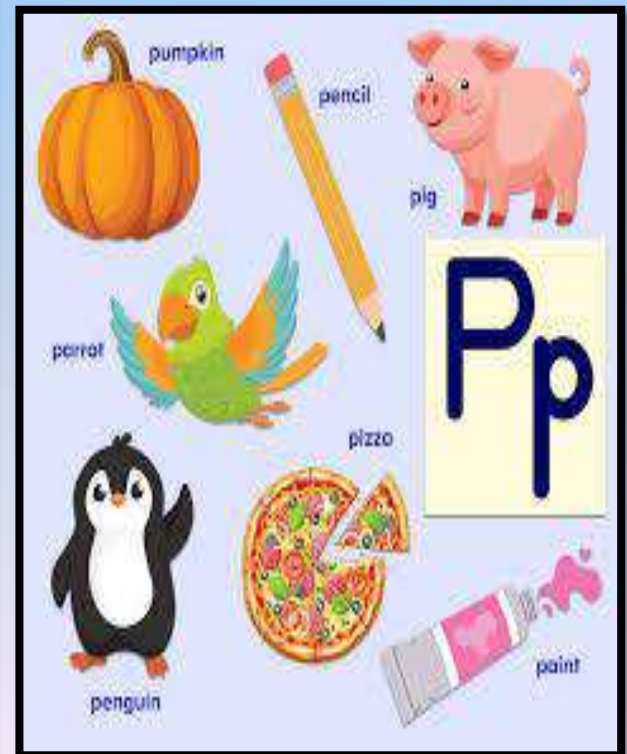

Thank you all.
