

School Field Trip – Class I

October 16, 2024

“The world is a book, and those who do not travel read only one page.” – Saint Augustine

A field trip provides experiential learning opportunities that can enhance understanding and retention of information. They connect the classroom learning with the real-world situations.

APS organized the field trip of Class I to Adani Airport, Mundra on October 16, 2024.

All the sections of Class I (182 students) along with their teachers went to the trip. The objective of this journey was **to encourage students to observe, question, and analyze their surroundings, enhancing critical thinking and problem-solving abilities.**

It was a wonderful and exciting experience as many had the privilege to closely see the aircraft for the first time. Students enjoyed the bus journey with their friends.

- They were fortunate to witness two aircrafts there.
- The ground staff explained the basic details of the aircraft. They also explained about the air strip, air traffic, fire brigade and importance of security measures.
- Students relished the energy drink which was provided at the airport.
- It was an enriching experience both for students and teachers. They also got an exposure to new environment and a desire to learn more.

Special thanks to Management, (Director, Kutch Schools) Ms. Meeta Jadeja, (Director, APS) Ms. Ami Shah, (Principal – cum – Director, APS) Mr. Hemant Kumar Sharma, (Vice Principal, APS) Dr. Renu Patidar for taking permission and arranging such a special trip to the airport.
