

Teacher's Training Session

June 2 to June 5, 2025

“Training is not an expense, but an investment in human capital.”

A teacher training program equips aspiring and current educators with essential pedagogical knowledge, classroom management techniques, and innovative teaching strategies. These programs are vital for enhancing the quality of education and preparing teachers to meet the evolving needs of students in diverse learning environments. The four days training session for two batches of teachers was hosted by APS Mundra from June 2 to June 5, 2025.

A comprehensive teacher training on Competency Based Learning and Student – Centric Teaching continued to inspire educators from different schools of Adani, teaching in classes III to VIII. The resource team was from Educational Initiatives.

The resource persons for the training session were:

1. Ms. Ratnabali Mukherjee
2. Ms. Heena Kumar
3. Ms. Ishita Jethwa
4. Mr. Aji Thomas.

Highlights of the session:

- The significance of productive questioning in fostering active student engagement.
- Framing good questions to extend students thinking, from concrete to analytical.
- The need of assessment and key principles of good assessment.
- Student-centered learning empowers students to develop critical thinking skills and solve problems independently.
- The teachers in the group presented questions, explaining their purpose and anticipated outcomes.

The training session saw the participation of approximately 100 teachers divided into two batches. It was an enriching and percipient experience for all participants.

(Principal-cum-Director, APS) Mr. Hemant Kumar Sharma, and (Vice Principal, APS) Dr. Renu Patidar, expressed their sincere gratitude to the educators and trainers for leading such an insightful and exciting journey.
